SCHOOL REPORT.

The School Board of Warren present this the Seventh Annual Report of the condition of the schools in said town for the year ending March 1, 1893:

One or more of the Board has visited each school twice during each term, and they have endeavored to conscientiously discharge the duties of their office, and beg leave to report that the schools are generally in a prosperous condition.

DISTRICT NO. 1.

Both terms, spring and fall, were taught by Miss Alice M. Bartlett, and the success attending her previous efforts was equally

manifest. The progress made was all that could be expected. The advancement made in reading was especially marked.

DISTRICT NO. 2.

The spring term of ten weeks was taught by Miss Mabel Hackett. There was some misunderstanding at first of the term between teacher and some of the scholars, in consequence of which a number left the school. Miss Hackett labored hard for the good of the school and the pupils who remained made fair progress.

The fall and winter terms of ten weeks each were taught by Miss Annie G. Wadleigh. These fully met our approval as was made manifest by the interest of both teacher and pupils. Good advancement was made in all the branches taught, notably in arithmetic, grammar and book-keeping.

The Primary Department—This school was taught the entire year, three terms of ten weeks each, by Miss Bertha E. Smith. The schools were successful in every respect. Good improvement in studies, and discipline all that could be desired.

DISTRICT NO. 3.

Spring term of ten weeks was taught by Alice V. Pillsbury. Miss Pillsbury is a teacher of experience. She usually finds the right side of her pupils, consequently wins their respect. Good progress was made in all branches taught, especially reading.

The fall term of ten weeks was taught by Miss Riddell Clifford. The school was very orderly and the teacher labored hard for the good of the school.

The winter term of eight weeks was taught by J. H. Mudgett. This was Mr. Mudgett's first school. He succeeded in gaining the good will of his scholars and excellent progress was made.

DISTRICT NO. 4.

This school was taught by Miss Mamie M. Pillsbury—one term of ten weeks. This was Miss Pillsbury's first term of school. The school is quite small, but at the examination at close of school, it showed that great effort had been made by both teacher and pupils, and the advancement made was all that could be desired.

DISTRICT NO. 6.

This school has been taught the entire year by Miss Lettie C. Little—two terms, nineteen weeks. The school is very small, and the scholars so situated that they cannot be combined with other schools. Very good progress was made in all the branches taught.

DISTRICT NO. 7.

The spring term of ten weeks was taught by Kate C. Weeks with very good results. The fall and winter terms of nine and eight weeks respectively, were taught by Mrs. M. L. Little. Good progress made in all the branches taught.

DISTRICT NO. 8.

The spring term of ten weeks was taught by Miss Riddell Clifford; it being her first school. Although the school had but few scholars and the attendance not what it should have been, it was fairly successful.

The fall term of ten weeks was taught by Alice V. Pillsbury with her usual success.

DISTRICT NO. 9.

This school was taught by Edith Bailey one term of ten weeks. She was faithful in the discharge of her duties in the school-room, and the advancement made was very good.
